You have everything to gain and nothing to lose with this NO RISK offer. For more details visit www.ashi.org

ASHI@HOME

HOME INSPECTION TRAINING PROGRAM

Professional Training from Your Professional Association

THE APPROACH

The ASHI@HOME system is designed to teach in a logical, progressive way. For each component, the approach follows this sequence:

1. What the component is
2. What it does
3. How it works
4. What typically goes wrong
5. Why things go wrong
6. The implications of problems –
what they mean to the homeowner
7. How to identify the problems –
the unique skills of a home inspector
8. What to tell the client

LESS THAN \$7 PER HOUR

Would you spend \$7 per hour for the highest quality education available? That's all it costs for this 500-hour program.

WHAT DOES IT COST?

The entire program is only
\$3,495.

And you receive a full
money-back guarantee.

PAY AS YOU GO

You can also take the courses
one at a time for \$395 each.

HERE'S WHAT YOU GET

The system includes ten modules:

1. Roofing
2. Structure
3. Electrical
4. Heating I
5. Heating II
6. Air Conditioning and Heat Pumps
7. Plumbing
8. Exterior
9. Insulation and Interior
10. Communication and Professional Practice

Each Module includes text, illustrations, quizzes and tests, inspection procedures, inspection checklists and more. The nine technical modules also include CDROMs that use computer-enhanced images to show hundreds of actual field situations.

You also receive technical support, with your questions answered by a professional home inspector.

An online managed learning environment is available at no extra cost, adding another dimension including interactive exercises. (Optional)

The program also includes a **FREE** Home Reference Book. This well-respected book provides a valuable resource for all home inspectors.

As many as 324 ASHI CE credits are available.
